## Course 70-563 Pro: Designing and Developing Windows Applications Using the Microsoft .NET Framework 3.5

Hours: 40, Tuition: \$1600

---

### Courseware used to prepare for the 70-563 exam:

---

MCTS Self-Paced Training Kit (Exam 70-536): Microsoft® .NET Framework Application Development Foundation, Second edition by Tony Northrup (Hardcover - Nov. 12, 2008)

### About Course 70-563

---

Candidates for this exam work on a team in a development environment that uses Microsoft Visual Studio .NET 2008 and the Microsoft .NET Framework 3.5 to build desktop applications. Candidates should have a minimum of three years of experience developing applications including one to two years of experience developing Windows-based applications and a thorough understanding of the Windows Forms technologies in the .NET Framework 3.5. [Exam 70-563](#)

Additionally, candidates should be able to demonstrate the following by using the .NET Framework 3.5:

- A solid understanding of the Windows applications event model
  - Experience creating Windows applications that access data
  - Experience planning and designing user interaction solutions
  - Experience in the full cycle of Windows applications
-
