Security+ Certification Boot Camp

Hours: 20, Tuition: \$2800

Audience & Prerequisites

- Boot Camps are an intensive test preparation certification program intended for IT Professionals with 2 or more years of hands-on experience in security support and administration.
- Students should have a working knowledge of security fundamentals, security threats, managing certificates, enforcing organizational security policies and monitoring security infrastructure.
- Motivation and desire to achieve excellence through certification are also key elements and prerequisite.

Description

CompTIA Security+ validates knowledge of systems security, network infrastructure, access control, assessments and audits, cryptography and organizational security. It is an international, vendor-neutral security certification that is taught at colleges, universities and commercial training centers around the world. Because human error is the number one cause for a network security breach, CompTIA Security+ is recognized by the technology community as a valuable credential that proves competency with information security.

Exams Covered:

- SY0-101

Course Materials

The student kit includes a comprehensive workbook and other necessary materials for this class.

The hotel is five minutes from the airport and five Minutes from our boot camp certification training facility. The hotel operates an on call shuttle bus that brings you from the airport to your room, brings you to school every day, and takes you back to the hotel every night.

The hotel is recently remodeled, clean and well maintained by a conscientious staff. Laundry Services are available.

A hot continental breakfast is provided at the hotel

Lunch is provided at the boot camp certification training facility to minimize distractions during the day.

Dinner and the expense of dinner are up to the student. Typically, students in a class bond very early and dining together become the norm. Of course students can order dinner delivered to the school and continue working as long as they like.

High speed internet access is available at the hotel and at the boot camp certification facility.

Note: This course info is for a standard boot camp package. Details may change depending on funding source and package specifications. For Example: Students using MGIB will pay for the tests upfront and will be reimbursed for the tests within 60 days. CompTEC grants also affect details of a boot camp package. All Boot Camps packages are clearly defined in individual Enrollment Agreements.
