Microsoft® Office Word 2007: Level 2 (Second Edition)

Course Specifications

Course number: 084894

Software: Microsoft® Office Word 2007

Course length: 1.0 day(s)

Certification: Microsoft Certified Application Specialist – Word 2007

Course Description: In the first course in this series, Microsoft® Office Word 2007: Level 1, you gained all the basic skills that you need to create a wide range of standardized business documents. If you use Microsoft Word 2007 on a regular basis, then once you have mastered the basic skills, the next step is to improve your proficiency. To do so, you can customize and automate the way Microsoft Word 2007 works for you. You can also improve the quality of your work by enhancing your documents with customized Microsoft Word 2007 elements. In this course, you will create complex documents in Microsoft Word 2007 by adding components such as, customized lists, tables, charts, and graphics. You will also create personalized Microsoft Word 2007 efficiency tools.

Course Objective: You will create complex documents in Microsoft® Office Word 2007 documents and build personalized efficiency tools in Microsoft Word 2007.

Target Student: This course was designed for persons who can create and modify standard business documents in Microsoft Word 2007, and who need to learn how to use Microsoft Word 2007 to create or modify complex business documents as well as customized Word efficiency tools. It will be helpful for persons preparing for the Microsoft Certified Application Specialist exams for Microsoft Word 2007.

Prerequisites: Students should be able to use Microsoft Word 2007 to create, edit, format, save, and print basic business documents that contain text, basic tables, and simple graphics. Students can obtain this level of skill by taking the following Element K course:

- Microsoft® Office Word 2007: Level 1

Delivery Method: Instructor led, group-paced, classroom-delivery learning model with structured hands-on activities.

Certification

This course is one of a series of Element K courseware titles that addresses Microsoft Certified Application Specialist (Microsoft Business Certification) skill sets. The Microsoft Certified Application Specialist program is for individuals who use Microsoft's business desktop software and who seek recognition for their expertise with specific Microsoft products. Certification candidates must pass one or more proficiency exams in order to earn Microsoft Certified Application Specialist certification.

Performance-Based Objectives

Upon successful completion of this course, students will be able to:

- manage lists.
- customize tables and charts.
- customize formatting with styles and themes.
- modify pictures in a document.
- create customized graphic elements.
- insert content using Quick Parts.
- control text flow.
- use templates to automate document creation.
- perform mail merges.
- use macros to automate common tasks.
