Microsoft® Office Word 2007: Level 3 (Second Edition)

Course Specifications

Course number: 084895

Software: Microsoft® Office Word 2007

Course length: 1.0 day(s)

Certification: Microsoft Certified Application Specialist – Word 2007

Course Description: You know to use Microsoft® Office Word 2007 to create and format typical business documents. Now, you may need to work on more complex documents. In this course, you will use Word to create, manage, revise, and distribute long documents and forms.

Course Objective: You will create, manage, revise, and distribute long documents.

Target Student: This course is designed for persons who want to gain skills necessary to manage long documents, collaborate with others, and secure documents. In addition, it will be helpful for persons preparing for the Microsoft Certified Application Specialist exams for Microsoft® Office Word 2007.

Prerequisites: Students should be able to use Microsoft® Office Word 2007 to create, edit, format, save, and print business documents that contain text, tables, and graphics. Students should also be able to use a web browser and an email program. A basic understanding of XML would also be helpful. In order to understand how Word interacts with other applications in the Microsoft Office System, students should have a basic understanding of how worksheets and presentations work. To ensure success, you need to first take the following Element K courses or have equivalent knowledge:

- Microsoft® Office Word 2007: Level 1
- Microsoft® Office Word 2007: Level 2

Delivery Method: Instructor led, group-paced, classroom-delivery learning model with structured hands-on activities.

Certification

This course is one of a series of Element K courseware titles that addresses Microsoft Certified Application Specialist (Microsoft Business Certification) skill sets. The Microsoft Certified Application Specialist program is for individuals who use Microsoft's business desktop software and who seek recognition for their expertise with specific Microsoft products. Certification candidates must pass one or more proficiency exams in order to earn Microsoft Certified Application Specialist certification.

Performance-Based Objectives

Upon successful completion of this course, students will be able to:

- use Microsoft Office Word 2007 with other programs.
- collaborate on documents.
- manage document versions.
- add reference marks and notes.
- make long documents easier to use.
- secure a document.
